KeyKeeper XL Withstand Features

KeyKeeper XL Withstand is a perfect fit for any business that requires unsupervised key drops after business hours. The unique features of KeyKeeper XL Withstand offer many benefits; the two most important being increased customer service which leads to higher sales revenue and peace of mind for you in knowing that your customers' or your own cars are protected from theft. The security features of KeyKeeper XL Withstand give you unprecedented protection from theft attempts – once a set of keys is deposited into the KeyKeeper XL Withstand, they can only be retrieved through the secure access door. KeyKeeper XL Withstand is easy to install, durable and virtually maintenance free.

“WE HAD A KEY DROP SYSTEM BEFORE, BUT WE WANTED A PROPER, PROFESSIONAL KEY SECURITY SYSTEM. KEYKEEPER XL IS THE BEST SYSTEM WE’VE SEEN.”

- MARK MCKAY, SERVICE MANAGER
COOKSVILLE DODGE CHRYSLER

Some of the security and construction features of the KeyKeeper XL Withstand include:

- Fabricated using all 1/4" and 3/16" plate steel for superior strength
- Service envelopes are stored inside lid for convenience. Writing surface on top
- Many security features including security gate prevent fishing and other theft attempts
- Puck lock is easy to use, easy to change and gives you superior security.

Internal mounting plate comes with high tensile bolts for 32,000 pounds resistance! Installation system is extremely strong!

A Fleet Management Dream Come True!

Distributing your fleet in high traffic congestion areas can be a nightmare. During peak hours, this process can drive up labor costs, extra fuel, and other expenses that eat away at your overall profitability. Instead of just accepting all of those needless additional costs, use KeyKeeper XL Withstand for fleet distribution. Returning vehicle keys are stored in the depository waiting to be picked up. Your staff drops your vehicles and pick up return vehicles and paperwork in off peak, overnight or weekend hours without having to enter the branch office. The savings in labor and operational costs will exceed the investment in a KeyKeeper XL Withstand within one year. So you can rest easy!
